A screenshot of a webinar interface. The top part shows a list of panels: Dashboard, Attendees: 1 out of 201, Polls (0/0), and Questions. The 'Questions' panel is selected and circled in blue. Below it, there is a checkbox for 'Show Answered Questions' which is checked. A table with columns 'X', 'Question', and 'Asker' is visible, but it is empty. ACWA, ECOS, and ASWM Send House Leadership Letter Highlighting Concerns About H.R. 3043, Hydropower Policy Modernization Act of 2017

The Association of State Wetland Managers signed on to a letter with the Environmental Council of States (ECOS) and the Association of Clean Water Administrators (ACWA) raising concerns about provisions of H.R. 3043, the Hydropower Policy Modernization Act of 2017. If enacted as written, the draft bill would modify Federal Energy Regulatory Commission (FERC) licensing requirements under the Federal Power Act and may conflict with state authority under Section 401 of the Clean Water Act to protect water quality and provide critical input on federal dredge and fill permits to wetlands and other waters under § 404. [The joint letter is available here.](#)
