Site Name:

Date:

Landowner:

People on site:

Purpose of the project:

GPS coordinates, center of wetland:

Percent slope:

Hydric soil or hydric plants present:

Groundwater elevation:

Topsoil depth:

Soil texture and length of *thin* ribbon:

Evidence of historic drainage:

Construction fill present?

Size of proposed wetland (length & width):

How wetland perimeter is marked on the ground:

Does the marked area contain a stream?

Are head-cuts located uphill or downhill from the marked area?

Project description and construction notes:

Construction technique: **Surface water** ___ **Groundwater** ___ **Liner** ___

Heavy Equipment & hours needed:

Dozer: ___ **Excavator:** ___ **Backhoe:** ___ **Dump truck:** ___

Sketch showing proposed wetland area and special features:
